

GURJYOTH SINGH

Door No 22, Semanasiackepalayam, Udikairi, Coimbatore, 641035, India
Phone: 8122672647 | Email: gurjyoth2@gmail.com

PROFILE

As an AI/ML Engineer and IoT Innovator, I build smart systems that blend AI, drones, and IoT to revolutionize precision agriculture and cybersecurity. From developing an autonomous drone-based crop monitoring system to creating Afiya, an emotional AI chatbot, I thrive on solving real-world problems with cutting-edge tech. My expertise spans AI/ML (CNN, YOLO, TensorFlow), embedded systems (ESP8266, Raspberry Pi), full-stack development, and ethical hacking

PROJECTS

Drone-Based ET Sensing System	NOV 2024-JAN 2025
- Uses drones with thermal, multispectral, and LiDAR sensors to estimate crop evapotranspiration. - Enhances irrigation planning and water use efficiency for large farms. - Integrates AI/ML models for accurate crop monitoring and AET prediction.	
Afiya: Emotional Support Chatbot	FEB-MAR 2025
- Multilingual AI chatbot offering emotional support and mental wellness. - Remembers past chats for personalized, empathetic interaction. - Features calming UI with light/dark modes for better user experience.	
First-Person Game in Unreal Engine	APR-MAY 2025
- Immersive open-world game developed using Unreal Engine 5. - Features realistic environments and first-person interaction. - Designed for exploration, adventure, and engaging gameplay.	

EDUCATION

B.Sc. in Computer Technology	MAY 2023-Present
KG College of Arts and Science, Coimbatore	
Higher Secondary Education	SEP 2021 – APR 2023
Government Higher Secondary School Asokapuram, Coimbatore	

SKILLS

- Technical Skills:** Full Stack Development, AI & ML, 3D Game Development, UI/UX Design, Python, IoT & Embedded Systems.
- Soft Skills:** Problem-Solving, Creativity & Innovation, Self-Learning & Curiosity, Communication, Project Management, Collaboration.

ADDITIONAL INFORMATION

- Languages:** English, Punjabi, Hindi, Tamil
- Certifications:** Smart India Hackathon 2024 Finalist, Innovate-Athon 2024, Code N Surge 2024, DeepRacer 3.0 League, IDE BootCamp Edition 2 Phase II
- Awards/Activities:** Finalist at Smart India Hackathon 2024 for AI-IoT innovation, Active member of Google Developer Student Club, Top performer in DeepRacer 3.0 League, Completed Google Cloud Career Practitioner Pathway, Completed Gen AI Study Jams 2024
